

# One small step for *Soft Matter*...

...one giant leap for interdisciplinary research

**Launched:** June 2005

**Its mission:** To provide an interdisciplinary platform for the exchange of ideas on soft matter

**The crew:** Piloted by Carol Stanier, Editor, and Ullrich Steiner, Chairman of the Editorial Board, bringing together leading international scientists

**Flight schedule:** Stage I – Launch; Stage II – Separation; Stage III – Exploring new territories

*Soft Matter* has enjoyed stellar success since launch. The next stage in its journey takes place in January 2007 when *Soft Matter* will separate from its host journal, *Journal of Materials Chemistry*, to take flight as a solo publication.

To ensure that you continue to read the very best in soft matter research recommend *Soft Matter* to your librarian today!

Now in  
**MEDLINE**

## A year of great science from Molecular BioSystems

stem cell biology ... gene-discovery systems ... cancer drug development ... microfluidics-based systems biology ... design of compound libraries ...

go online and browse the list of the 20 most accessed articles from the first year of publication, and you'll see many more topics from the interface between chemistry, the –omic sciences and systems biology. For great science, top class authors, rapid publication, high visibility – read Molecular BioSystems.
