

Additions and Corrections

2006, Volume 18

Kathryn E. Cole, Andrea N. Ortiz, Martin A. Schoonen, and Ann M. Valentine*: Peptide- and Long-Chain Polyamine-Induced Synthesis of Micro- and Nanostructured Titanium Phosphate and Protein Encapsulation.

Please note the following correction to this article (*Chem. Mater.* **2006**, *18*, 4592–4599).

One of the figures in the Supporting Information (Figure S4) had an incorrect axis.

The data are correct in the main body of the paper, but we inadvertently copied an axis from part A of Figure S4 to part B. This error does not change the results, and all of the conclusions in the manuscript are sound. A corrected version of the Supporting Information now appears with the published article.
