

AUTHOR INDEX

Bersuker, I.B., 1	Güdel, H.U., 69	Stavrov, S.S., 1
Fronæus, S., 203	McCarthy, P.J., 69	Willis, C.J., 133

SUBJECT INDEX

- | | |
|---|---|
| Amalgams, influence of complex formation and solvation on the electrode reactions of some metal ions at amalgams in aprotic solvents, 203 | Fluorinated alcohols, fluorinated alcohols and their metal complexes, 133 |
| Aprotic solvents, influence of complex formation and solvation on the electrode reactions of some metal ions at amalgams in aprotic solvents, 203 | Hemoproteins, structure and properties of metalloporphyrins and hemoproteins: the vibronic approach, 1 |
| Exchange-coupled, optical spectroscopy of exchange-coupled transition metal complexes, 69 | Metalloporphyrins, structure and properties of metalloporphyrins and hemoproteins: the vibronic approach, 1 |
| | Optical spectroscopy, optical spectroscopy of exchange-coupled transition metal complexes, 69 |
