

Dyes and Pigments 42 (1999) 197

Erratum

Erratum to "The use of Fourier Transform Infrared (FT–IR) spectroscopy to study the state of heterobifunctional reactive dyes" [Dyes and Pigments 1998;39:111–123]☆

David M. Lewis*, Jian Chen Wang

Department of Colour Chemistry, University of Leeds, Leeds, UK, LS2 9JT

The Publisher regrets the omission of the 12 dyes 'A-L' in Fig. 3 and apologise for any inconvenience caused. It should read as follows:

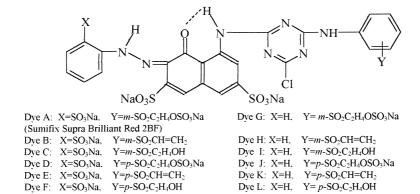

Fig. 3. Concentration response for unmeasured output (original plot).
