

EBSA Calendar of Events

**Forthcoming Meetings of Member Societies of the
European Biophysical Societies' Association (EBSA)**

April 7–8
1986

British Biophysical Society

Spring Meeting

Topics: DNA structure and gene expression

Speakers: A. Gronenborn, M. Clore (Munich), O. Kennard (Cambridge), A. H.-J. Wang (MIT), C. R. Calladine (Cambridge), C. W. Hilbers (Nijmegen), A. Nordheim (Heidelberg), A. Travers (Cambridge), D. Rhodes (Cambridge), T. Jovin (Göttingen), D. Pulleyblank (Toronto)

Information: Dr. S. Neidel, Institute of Cancer Research, Block F, Clifton Avenue, Sutton, Surrey SM2 5PX, United Kingdom

Dr. D. Lilley, Department of Biochemistry, Medical Sciences Institute
University of Dundee, Dundee DD1 4HN, United Kingdom

April 19–21
1986
Dubrovnik

Yugoslav Biophysical Society

Biophysics Meeting

Topics: Biopolymers; molecular mechanisms and energetics; membranes; influence of physical factors on biological systems; water in biosystems

Information: Prof. C. Radenovic, Maize Research Institute, P.O. Box 89,
YU-11081 Beograd-Zemun, Yugoslavia

July 6–10
1986
Stockholm

First EBSA Workshop in Biophysics

Organisers: A. Ehrenberg and R. Rigler

Topic: Structure, dynamics and function of biomolecules

Format: The aim of this workshop is to present and discuss recent advances in describing the dynamic properties of biomolecular structures, emphasizing the comparison of theoretical predictions with actual experimental results

Information: Prof. Anders Ehrenberg, Arrheniuslaboratoriet, Stockholms Universitet,
S-10691 Stockholm, Sweden

July 21–23
1986
Cambridge

British Biophysical Society Jointly with the Polymer Group

(Institute of Physics and Royal Society of Chemistry)

Topics: Physical aspects of polymers produced by biotechnology; polymer structure and physical properties in solution, gelation and the solid state; role of biochemistry, physiology and genetics in structure design; post-synthetic processing, spinning, annealing

Information: Dr. M. J. Miles, AFRC Food Research Institute, Colney Lane, Norwich NR47AU, UK

October 2–4
1986
Sitges

Spanish Biophysical Society

National Foundation Meeting

Topics: Membranes, macromolecular structures, biophysical methods, biophysical models

Information: Dr. J. Lopez Carrascosa, Centro de Biología Molecular,
Universidad Autónoma, Canto Blanco, Madrid 28049, Spain

October 8–10
1986
Bremen

German Biophysical Society

Joint Meeting with the Belgian and Dutch Biophysical Societies

Topics: Biophysics of membranes and cells, development and recognition of spatial and temporal order, environmental and radiation biophysics, methodological aspects of biophysics, plenary lectures and poster sessions

Information: Prof. Dr. H. Diehl, Universität Bremen, FB 1, Postfach 33 04 40, D-2800 Bremen 33, FRG
