

March 5–6
1992
Marseille

French Biophysical Society and British Biophysical Society

Calcium binding proteins (note: this is preceded March 1–4 1992 by the Second European Symposium on Calcium binding proteins in normal and transformed cells)

Topics: NMR studies on Ca binding proteins; Ca binding proteins: interactions with other systems; physical studies on calcium binding systems; round-table: modelling. X-ray crystallography of Ca binding proteins; perspectives for probing triggering mechanisms.

Invited speakers: A. Padillat, R. J. P. Williams, B. Sykes, B. Levine, M. C. Killhofer, N. M. Green, A. Lai, F. Quiocho, P. Freemont, J. P. McManus

Organisation: Prof. J. Haiech, Marseille; Dr. Ian Trayer, Birmingham; Dr. Barry Levine, Oxford, UK.

Information: Prof. J. Haiech, CNRS, LCB, 31 chemin J. Aiguier, BP 71, F-13277 Marseille Cedex, France. Tel. (33)-91-22-41 41; FAX (33)-91-71-89 14. Dr. Ian Trayer, Biochemistry Department, University of Birmingham, P.O. Box 363, Birmingham B15 2TT, UK. Tel. (44)-2 14 14-53 97; FAX 4 14-39 82).
