

Corrigendum

Corrigendum to “Synthesis and biological evaluation  
of functionalized coumarins as acetylcholinesterase inhibitors”  
[Eur. J. Med. Chem. 40 (2005) 1307–1315]

Qiong Shen, Quan Peng, Jialiang Shao, Xufeng Liu, Zhishu Huang, Xianzhang Pu, Lin Ma,  
Yue-Ming Li, Albert S.C. Chan, Lianquan Gu

Available online 24 April 2006

The authors of the above article would like it to be known that two errors have been identified which should be corrected as follows:

- in the heading of Table 1 the unit for  $K_i$  value should be  $\mu\text{M}$  rather than nM. The correct heading for Table 1 is:

---

Compound  $K_i \pm \text{S.E.}$  ( $\mu\text{M}$ ) type of inhibition

---

- the captions for Table 1 and Table 2 have been misplaced; the correct captions are;

Table 1. Inhibition constant and type of inhibition of selected compounds;

Table 2. AChE and BuChE inhibitory activities ( $\text{IC}_{50}$ ,  $\mu\text{M}$ ) of prepared compounds;

The authors would like to thank Professor Paul R. Carlier of Virginia Tech for pointing out these errors.
