The correct version of Fig. 4 is printed below.

Fig. 4. Effect of SM-20220 on cerebral water content induced by transient focal cerebral ischemia. Columns and vertical bars represent the mean $\pm$ S.E.M. ^{##} $P < 0.01$ compared with the normal control group (Welch's test). * $P < 0.05$ and ** $P < 0.01$ compared with the vehicle group (Williams' multiple comparison).
