

H. Kaczmarek: Photodegradation of polystyrene and poly(vinyl acetate) blends—I. Irradiation of PS/PVAc blends by polychromatic light. *European Polymer Journal* Vol. 31, No. 11, pp. 1037–1042, 1995.

H. Kaczmarek: Photodegradation of polystyrene and poly(vinyl acetate) blends—II. Irradiation of PS/PVAc blends by fluorescent lamp. *European Polymer Journal* Vol. 31, No. 12, pp. 1175–1184, 1995.

The author of the above articles wishes to cordially apologize to Professor C. Decker of the Laboratoire de Photochimie Générale (URA-CNRS No. 431), Université de Haute Alsace, that the following acknowledgement was missed.

This work was done owing to a research fellowship from Ecole Nationale Supérieure de Chimie de Mulhouse (France) at the Laboratoire de Photochimie Générale, Université de Haute Alsace, under the supervision of Professor C. Decker, to whom the author is most grateful for his help and fruitful co-operation.
