

ERRATUM

M.M.Griffiths, C.Bernofsky, Activation of mitochondrial DNP kinase from yeast, FEBS Letters 10 (1970) 97–100.

p. 97, first paragraph, line 6 should read:

sources [3–5], the mitochondrial enzyme from yeast

p. 99, last sentence of the discussion should read:

It therefore seems likely that maintenance of the intramitochondrial levels of TPN and TPNH *and*, as a consequence, control over TPN-linked metabolic pathways in yeast mitochondria is determined at least in part by the combined actions of mitochondrial DPN kinase and phosphatase.
