

ERRATA

P.R. Harrison, A. Hell and J. Paul, Inhibition of reverse transcriptase by high concentrations of tritium-labelled substrates, FEBS Letters 24 (1972) 73–76.

p. 75, fig. 1: The right-hand ordinate should be labelled as Mol wt ($\times 10^{-4}$), *not* $\times 10^{-5}$.

G.G. Brownlee, T.M. Harrison, M.B. Mathews and C. Milstein, Translation of messenger RNA for immunoglobulin light chains in a cell-free system from Krebs II ascites cells, FEBS Letters 23 (1972) 244–248.

The sucrose gradient buffer should include 0.5% SDS in addition to the components mentioned in Methods.
