

ERRATUM

Groom, G.V. and Boyns, A.R., Gonadotrophin release from human foetal pituitary cultures induced by fragments of the luteinizing hormone-releasing hormone, (1973) *FEBS Letters* 33, 57–60.

The authors wish to make the following statement:

On reanalysis of the data in table 4 we have discovered that the differences are not significant and our conclusions are not valid. Accordingly table 4 and text references to it should not have been included in the paper.
