Received 30 November 2001

First published online 6 December 2001

In the original publication, unfortunately, two errors escaped our attention. The mutation Thr133Ala should be replaced by Ala133Ser in the footnote of Table 1. Also, the presentation of 1,3-dihydroxy-*N*-methylacridone in Fig. 1 is false and should be corrected as shown below.

We apologize for the inconvenience.

**1,3-Dihydroxy-*N*-methylacridone**
