

## Corrigendum

The Publisher and authors would like to draw attention to an error in the following article:

Region-specific increase in the antioxidant enzymes and lipid peroxidation products in the brain of rats exposed to lead. Bennet C, Bettaiya R, Rajanna S, Baker L, Yallapragada PR, Brice JJ, White SL, Bokara KK. *Free Radic Res* 2007;41:267–272.

There is an error within this article regarding the notations for the bars in Figures 1, 2 and 3. In all

these Figures, there are eight bars in a cluster at each interval of 1<sup>st</sup> week, 2<sup>nd</sup> week and 3<sup>rd</sup> week. These eight bars represent the Control CB, Control HC, Control FC, Control BS, Exposed CB, Exposed HC, Exposed FC and Exposed BS, respectively, starting from left to right in each cluster. The readers are requested to note this correction. The inconvenience caused is deeply regretted.
