

Hermann Esterbauer Award 2010 Call for Applications

The Scientific Committee of the International HNE-Club would like to invite applications for the Hermann Esterbauer Award 2010 from young researchers (< 40 years of age) who have made an outstanding contribution to knowledge in the field of the lipid peroxidation product, ideally with relevance to 4-hydroxynonenal (HNE). The winner will receive an invitation to present his/her research at the 2010 Meeting of the International HNE-Club in Torino, 16–18 June, plus a certificate and prize.

The deadline for applications is the 1st March 2010. Applications should comprise a letter stating briefly the applicant's case, a scientific curriculum vitae that gives date of birth, and PDFs of up to five papers published in journals which are indexed in the Science Citation Index. In the case of multi-

authored papers a short statement which explaining the contribution of the applicant, signed by the current head of the group, should be included. For papers accepted for publication but not yet published, a copy of the acceptance by the editor is required. The Committee will favour a promising young investigator on the brink of developing independence and who is likely to become a substantial researcher in the area of lipid peroxidation and 4-hydroxynonenal.

Applications should be submitted electronically to the Secretary of the International HNE-Club, Dr Corinne M. Spickett at c.m.spickett@strath.ac.uk

Full details of the regulations of the Award can be found on the Club's webpage <http://www.kfunigraz.ac.at/hne-club/>
