Due to a processing error, the structure which appears in Fig. 2, panel b of the original article was incorrect. GlcNAc α 1-4 shown at the center of the structure should be changed to GlcNAc β 1-4. The corrected figure is given below.

Corrections to names of authors are also indicated below.

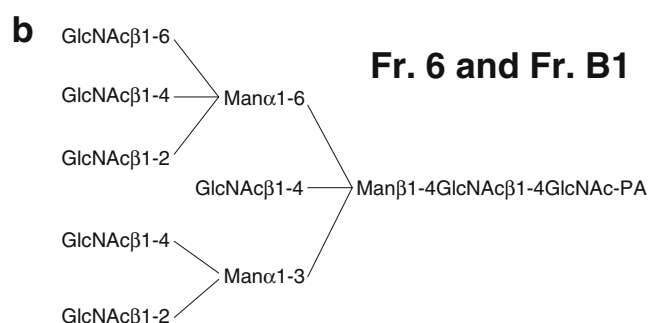

Fig. 2 Structures of major OS and their pyridylamino (PA) derivatives. **a:** Fr. 1 OS-PA. **b:** Fr. 6 OS-PA and Fr. B-1 OS-PA. **c:** Fr. B-2 OS-PA. Structural assignment was based on HPLC mapping method (“GALAXY”), and some were confirmed by MALDI-TOF-MS analysis, as described in M & M
