

A new journal from RSC Publishing Launching mid 2010

Rapid communication of research
in medicinal chemistry

MedChemComm

Official journal of:

A new, peer-reviewed journal publishing medicinal chemistry research, including new studies related to biologically-active chemical or biochemical entities that can act as pharmacological agents with therapeutic potential or relevance.

The journal will publish monthly issues from mid 2010 and will contain a mix of vibrant and concise research and review articles. *MedChemComm* will complement the existing RSC Publishing portfolio of bioscience journals, providing authors in the field with a dedicated subject-specific publication.

From launch, the current issue of *MedChemComm* will be freely available to all readers via the website. Free institutional online access to all 2010/2011 content will be available following a simple registration process at www.rsc.org/medchemcomm_registration

Co-Editor-in-Chief: **Dr Anthony Wood**, Pfizer, UK

Co-Editor-in-Chief: **Professor Gregory Verdine**, Harvard University, USA

Take the global perspective

Chemistry World, the award-winning monthly magazine from the Royal Society of Chemistry, has something for everyone with daily online news, articles on all aspects of the chemical sciences, job vacancies and award-winning columnists.

Named Best monthly and business professional magazine of the year at the 2006 PPA Magazine Awards, *Chemistry World* reflects the ubiquitous importance of the chemical sciences in the world today, providing a more complete picture and informed opinion on the issues that matter.

Daily web updates and e-mail alerts give the magazine a strong online presence that enhances and expands on the monthly print issue. Plus, with the *Chemistry World* Podcast and Blog, there's a chance to go interactive.

Stimulating reviews on natural products and related areas

Natural Product Reports publishes highlights (topical areas of interest) and reviews in key areas including: bioorganic chemistry, chemical biology, chemical ecology and carbohydrates

- Impact factor 9.202*
- High visibility – cited in MEDLINE
- Hot off the Press literature highlights published in each issue for the benefit of the community

*2009 Journal Citation Reports® (Thomson Reuters 2010)

Top Quality Bioscience Journals

Molecular BioSystems - a journal with a focus on the interface between chemistry and the -omic sciences and systems biology. www.molecularbiosystems.org

Organic & Biomolecular Chemistry - an international journal covering the breadth of synthetic, physical and biomolecular chemistry. www.rsc.org/obc

Natural Product Reports (NPR) - a critical review journal which stimulates progress in all areas of natural products research. www.rsc.org/npr

Photochemical & Photobiological Sciences - publishing high quality research on all aspects of photochemistry and photobiology, encouraging synergism between the two areas. www.rsc.org/pps

NEW for 2010

MedChemComm - focusing on medicinal chemistry research, including new studies related to biologically-active chemical or biochemical entities that can act as pharmacological agents with therapeutic potential or relevance. www.rsc.org/medchemcomm

NEW for 2009

Integrative Biology - a journal focusing on quantitative multi-scale biology using enabling technologies and tools to exploit the convergence of biology with physics, chemistry, engineering, imaging and informatics. www.rsc.org/ibiology

Metallomics - a journal covering the research fields related to metals in biological, environmental and clinical systems. www.rsc.org/metallomics

Call for Papers

A new peer-reviewed journal publishing advances in polymer chemistry encompassing all aspects of synthetic and biological macromolecules, and related emerging areas.

The journal provides a showcase for the ongoing efforts driving polymer chemistry, highlighting the creativity of the field and previously inaccessible applications.

Professor David Haddleton, University of Warwick, is **Editor-in-Chief** of *Polymer Chemistry*.

Polymer Chemistry publishes monthly issues containing a full mix of research articles, including Communications, Reviews and Full Papers.

Work published in *Polymer Chemistry* benefits from wide exposure, with free online access to all content published during 2010 and 2011 giving maximum visibility to your research.

New adventures on the web

ChemSpider is a free online, structure centric community for chemists, providing fast access to millions of unique chemical entities, resources and information and the opportunity to collaborate with a world wide community of scientists. Rapidly becoming the richest single source of structure based chemistry information online, ChemSpider is a ground breaking initiative now supported by the RSC, the most innovative of chemical societies.
