International Symposium
on
Molecular Structure and Spectroscopy

organized by the Science Council of Japan under the sponsorship of IUPAC

Tokyo, Japan, 10–15 September 1962

The symposium will cover infrared, RAMAN, ultraviolet, visible and micro- and radio-wave spectroscopies. In addition to invited lectures short communications may be offered. Titles of papers offered (with an abstract of 250 words or less) with preliminary registration should reach the Organizing Comitee not later than 31 March 1962. Membership fee is 2.500 Yen (about sfr. 30) for scientist members and 1.500 Yen for associate (non-scientist) members.

Registration forms and booklets may be obtained from The Secretary, Organizing Comitee of this Symposium, Science Council of Japan, Ueno Park, Tokyo, Japan, or from Comité Suisse de la Chimie, Ecole de Chimie, Genève.
