THE SWEDISH NATIONAL COMMITTEE FOR CHEMISTRY

extends an invitation to

The 4th International Symposium, sponsored by IUPAC, Division of Organic Chemistry, on

The Chemistry of Natural Products

to be held in Stockholm, June 26th to July 2nd, 1966

The programme is to be divided into the following sections:

- 1) Polysaccharides
- 2) Structural elucidation of natural products other than macromolecular compounds
- 3) Biosynthesis
- 4) Chemical taxonomy.

Circular 1 with general information and form for provisional application may be obtained from Comité Suisse de la Chimie, Ecole de Chimie, 1211 Genève 4, or from the General Secretary (for address see below).

Provisional applications (implying no obligation) are requested to be returned not later than *April 15th, 1965*. The provisional application will ensure receipt of a copy of the second circular. Participants wishing to present a paper are invited to indicate this on the form to be returned not later than April 15th, 1965.
