

SOCIÉTÉ SUISSE DE CHIMIE  
SCHWEIZERISCHE CHEMISCHE GESELLSCHAFT

## Werner-Preis und Preis der Schweizerischen Chemischen Gesellschaft

Der Vorstand teilt den Mitgliedern der Schweizerischen Chemischen Gesellschaft mit, dass diese Preise an der Winterversammlung 1970 verliehen werden können. Bewerbungen sowie die nötigen Belege müssen dem Vorstand bis 31. Juli 1969 eingereicht werden (siehe Art. 22 bis 26 der Statuten der Schweizerischen Chemischen Gesellschaft).

## Prix Werner et Prix de la Société Suisse de Chimie

Le comité avise les membres de la Société Suisse de Chimie que ces prix pourront être attribués lors de l'assemblée d'hiver 1970. Les demandes présentées pour l'attribution de ces prix, ainsi que les travaux s'y rapportant, doivent être adressés au comité avant le 31 juillet 1969 (art. 22 à 26 des statuts de la Société Suisse de Chimie).

## Vth International Symposium on the Chemistry of Natural Products (Steroids and Terpenes)

Sponsored by the Mexican Chemical Society (SQM) and IUPAC  
Mexico City, Mexico, 21st-25th April, 1969

### *Plenary Lectures:*

- D. H. R. BARTON (Imperial College of Science and Technology, London): Recent advances in steroid chemistry
- C. DJERASSI (Stanford University, California, USA): Applications of mass spectrometry in the steroid field
- T. A. GEISSMAN (University of California, Los Angeles, USA): Studies on lactones of compositae
- R. DE GHENGI (Ayerst Laboratories, Montreal, Canada): Synthetic cardenolides and related products
- O. JEGER (Eidg. Technische Hochschule, Zurich): Some novel transformations of steroids
- S. MORRIS KUPCHAN (University of Wisconsin, Madison, USA): Recent advances in the chemistry of terpenoid tumor inhibitors
- J. ROMO (Instituto de Química, Universidad nacional autónoma de México, México, D.F.): Estudios recientes sobre sesquiterpenos
- K. SCHREIBER (Institute for Plant Biochemistry, Berlin): Recent advances in the chemistry of plant steroids
- F. ŠORM (Czechoslovak Academy of Sciences, Prague): Recent advances in terpene chemistry
- K. TAKEDA (Shionogi Research Laboratories, Osaka, Japan): Sesquiterpenes containing an ether-linkage in the molecule

### *27 other lectures*

*Official Languages:* Spanish and English. Interpreters will be available to translate discussions from Spanish to English.

*Publication:* Abstracts of papers to be presented at the Symposium will be distributed in advance to all registrants. The Plenary Lectures will be published in the IUPAC Journal PURE AND APPLIED CHEMISTRY.

*Information – Registration:* All correspondence should be directed to: IUPAC-SQM Symposium, Sociedad Química de México, Apartado Postal 4-875, México 4, D.F. México.

## International Symposium on Chemical Effects of Nuclear Transformations

sponsored by The Chemical Society, to be held at Cambridge University  
England, 1st to 3rd July 1969

Main topics introduced by invited speakers:

1. Hot Atom Studies of Tritium, Carbon and the Halogens, Professor R. WOLFGANG (University of Colorado, USA)
2. Effects of the  $(n, \gamma)$  Reaction in Organic Systems, Professor J. E. WILLARD (University of Wisconsin, USA)
3. Effects of the  $(n, \gamma)$  Reaction in Inorganic Systems, Dr. A. G. MADDOCK (Cambridge University, U.K.)
4. Post Irradiation Effects, Dr. T. ANDERSEN (University of Aarhus, Denmark)
5. Effects of Beta-Decay and Other Transformations, Dr. B. G. DZANTIEV (Moscow Academy Sciences, U.S.S.R.)
6. Mössbauer Studies, Professor J. P. ADLOFF (C.N.R.S., Strasbourg, France)

Registration and Accomodation: Advance registration for attendance is required, and it may be necessary to limit the numbers. The programme and forms of application (available in May 1969) will be sent only to those who have notified their interest in the meeting by returning to Dr. JOHN F. GIBSON, The Scientific Affairs Officer, The Chemical Society, Burlington House, London, W1V 0BN, a special form which may be obtained from Dr. Gibson (address see above).

## International Symposium on Enamine Chemistry

to be held under the auspices of The Heterocyclic Group of The Chemical Society  
Salford, England, 15–16th July, 1969

*Invited Speakers:* Professor G. BIANCHETTI, University of Cagliari, Italy; Professor S. HÜNIG, University of Würzburg, Germany; Professor R. JACQUIER, University of Montpellier, France; Dr. F. JOHNSON, Dow Chemical Company, USA; Professor G. OPTIZ, University of Tübingen, Germany; Professor L. A. PAQUETTE, Ohio State University, USA; Professor A. RISALITI, University of Trieste, Italy; Professor G. STORK, Columbia University, USA

*Contributed Papers:* A limited number of short papers may be accepted for inclusion in the programme. Anyone wishing to contribute a paper should submit a title and 200-word summary to Dr. P. W. HICKMOTT, Department of Chemistry, University of Salford, Salford M5 4WT, England, not later than 1st March, 1969.

*Registration and Accomodation:* The Programme and form of application (available in April, 1969) will be sent only to those who have notified their interest in the meeting by returning to Dr. Hickmott (address see above) a form which may be obtained from Dr. Hickmott.

*Fees:* Symposium fee, including morning coffee, lunch and afternoon tea, £ 5; for bona fide students and research students, £ 3. Accomodation from dinner on 14th July to breakfast on 16th July, L. 4/15 s./0.
