

4. Europäisches Symposium «Lebensmittel – Fortschritte in der Verfahrenstechnik der Lebensmittelverarbeitung mit besonderer Berücksichtigung der Proteine, Enzyme und Aromen»

(Änderung von Ort und Zeit)

Das 4. Europäische Symposium «Lebensmittel», das von der Arbeitsgruppe «Lebensmittel» in der Europäischen Föderation für Chemie-Ingenieur-Wesen vorbereitet wird, kann nicht wie vorgesehen, vom 6.–9. Juli 1971 in Prag stattfinden.

Nach einem schriftlichen Beschluss der Delegierten der Arbeitsgruppe wird es nun vom 25.–28. Oktober 1971 in Frankfurt (M), BRD, stattfinden.

IVth International Symposium on Magnetic Resonance

The Weizmann Institute of Science, Rehovot, Israel, 24–31 August 1971

For information, please contact: Executive Committee, the Fourth International Symposium on Magnetic Resonance, the Weizmann Institute of Science, Rehovot, Israel.

Prague IUPAC Microsymposia on Macromolecules

8th Prague IUPAC Microsymposium: Morphology of Polymers

30 August – 2 September 1971

Topics: Formation of Supermolecular Structures in Solutions, Melts and Polymerizing Systems, Morphology of Single Crystals, Spherulites and Oriented Crystallized Polymers, Morphology of Amorphous Homopolymers, Copolymers and Polymeric Mixtures, Morphological Changes Caused by Physical and Chemical Treatment, Effect of Morphology on Physical Properties of Polymers.

9th Prague IUPAC Microsymposium: Thermodynamics of Interactions in Polymer Solutions

6–9 September 1971

Topics: Interactions Arising from the Difference in Size and Shape of the Polymer and Solvent Molecules, Solvation of the Macromolecule by Specific Interactions, Hydrophobic Bonds and Clustering in the System Polymer–Low-Molecular Weight Compounds, Interactions in Dilute Polymer Solutions.

For information, please contact: P. M. M. Secretariat, c/o Institute of Macromolecular Chemistry, 1888 Petřiny, Prague 6, Czechoslovakia.

Ist International Symposium on Advances in Microbial Engineering

Organized by the Microbiological Institute of the Czechoslovak Academy of Sciences, and Chemical Engineering Group of the Czechoslovak Chemical Society, 6–10 September 1971, Mariánske Lázně, Czechoslovakia.

For information, please contact Dr. Z. Štěrbáček, Institute of Microbiology, Academy of Sciences, Budějovická 1083, Praha 4 – Krč, Czechoslovakia.

IUPAC – Technical Reports

The first three *Technical Reports* (Blue Booklets) in this new series will be published shortly in IUPAC Information Bulletin.

1. – Collaborative Study of a method for determination of concentration and purity of aflatoxin standards and use of the method for measuring stability of the standards (standard solutions of aflatoxins B₁, B₂, G₁, and G₂).

2. – Minimum specifications for seven extraction solvents used in food processing (solvents considered: ethanol, propan-2-ol, acetone, hexane, petroleum ether, ethylene dichloride, and trichloroethylene).

3. – World wide survey of fermentation industries, 1967 (continuing the international survey on fermentation industries carried out in 1963 and published in *Pure and Applied Chemistry* 13, pp. 405–417, 1966).

Gratis copies may be obtained by writing to the IUPAC Secretariat, Bank Court Chambers, 2–3 Pound Way, Cowley Centre, Oxford OX4 3YF, UK.

The International Federation of Clinical Chemistry

8th International Congress on Clinical Chemistry

Copenhagen, 19–23 June 1972

Organizer: The Danish Society for Clinical Chemistry and Clinical Physiology. For information, please contact the Secretariat, 8th International Congress on Clinical Chemistry, Department of Clinical Chemistry, Rigshospitalet, Blegdamsvej 9, DK-2100 Copenhagen Ø, Denmark.

2nd Congress of the World Alliance for Israel Pharmacy

Jerusalem and Tel-Aviv, August 1972

Einweihung der Apotheker-Schule in der Hebräischen Universität – Hadassah Medical Centre in Ein Karem. Wissenschaftliches Programm: Vorträge führender pharmazeutischer Wissenschaftler; Podiums-Gespräche; Ausstellung betr. industrielle Pharmazie.

Nähere Auskunft erhältlich durch: Organisationskomitee, 2nd Congress of the World for Israel Pharmacy, P.O. Box 16271, Tel-Aviv, Israel.

Synthesis in Inorganic and Metalorganic Chemistry. An International Journal for the Rapid Communication of Preparations and Procedures, published by Marcel Dekker Inc., New York. Executive Editor: *Kurt Moedritzer*, Central Research Department, Monsanto Company, St. Louis, Mo. 63166, USA. Swiss Regional Editor: Prof. *H. Werner*, Anorg.-chem. Inst. der Universität, Rämistr. 76, 8001 Zürich. Volume 1, No 1, January 1971. 18 × 25 cm, 74 p. Price: \$ 2.00. The Journal is produced from typed author copy by photo-offset, permitting publication of a paper within four weeks. Manuscripts describing syntheses of new compounds, new methods for the preparation of known compounds and new experimental techniques and procedures, will be accepted in English, French and German (directions for submission of papers to be obtained from the Executive Editor or the Regional Editor). Subscription rates (four issues per annum): \$ 8.00 for individuals and \$ 18.50 for institutions; foreign postage \$ 2.00.
