

European Federation for Medicinal Chemistry

ANNOUNCEMENT

The European Federation for Medicinal Chemistry (EFMC) announces the

W. Th. Nauta Award for Pharmacochimistry

The prize will honour the memory of Prof. Dr. Wijbe Nauta, whose activities have been very important for the advancement of medicinal chemistry in general and for the development of international organization structures for this discipline.

The W. Th. Nauta Award will acknowledge results of research in the field of medicinal chemistry obtained by a scientist from one of the countries of the EFMC sphere or research that has been carried out in one of these countries; the Award may also be used to acknowledge any other activities which have contributed to the advancement of medicinal chemistry and/or to the co-operation between countries in this field.

The scientist whose work and/or activities complies with the description given above may qualify for the Award.

The Award will be given for the first time in 1992 and subsequently every second year. The selection of the recipient is the responsibility of the Management Committee of the EFMC which will nominate a special jury for this purpose. The recipient will receive a diploma and Dfl. 15,000.

Nominations for the Award are expected no later than 1 March, 1992, at the Secretariat of the W. Th. Nauta Award, c/o Prof. Dr. R. F. Rekker, Department of Pharmacochimistry, Vrije Universiteit, De Boelelaan 1083, NL-1081 HV Amsterdam, The Netherlands; tel.: 020-548 5726; fax: 020-646 1479. The proposals should include a short curriculum vitae with a list of publications and indicate the reasons for which the candidate qualifies for the Award.
