Université catholique de Louvain Chemistry Department (Belgium)

The Chemistry Department at the University of Louvain invites applications for a

Faculty position in organic and/or bioorganic chemistry.

Creative and energetic candidates who show exceptional promise for research and teaching are sought. The applicant will be expected to teach organic chemistry and establish a research group working on the mentioned domains taken in a very broad sense. French language proficiency is not required initially but the applicant is expected to be able to teach in French after two years. Candidates should send a curriculum vitae, a proposed research program and should

arrange to have three letters of recommendation sent to

Professor Marcel Crochet,
Recteur de l'Université
catholique de Louvain,
Halles universitaires,
place de l'Université à
B-1348 Louvain-la-Neuve.

The deadline for receipt of applications is **March 15, 1997**.
