

Correction to Single-Molecule-Magnet Behavior in Mononuclear Homoleptic Tetrahedral Uranium(III) Complexes

Laura C. J. Pereira, Clément Camp, Joana T. Coutinho, Lucile Chatelain, Pascale Maldivi, Manuel Almeida,* and Marinella Mazzanti*

Inorg. Chem. **2014**, *53* (22), 11809–11811. DOI: 10.1021/ic501520c

Page 11811. In the introduction of this manuscript on the first page, we cite work from Liddle and co-workers (besides three structurally unrelated mononuclear uranium(III) single-molecule magnets reported by Liddle and co-workers). The corresponding reference (ref 5) is wrong. The correct reference to the Liddle work is as follows: Moro, F.; Mills, D. P.; Liddle, S. T.; Van Slageren, J. *Angew. Chem., Int. Ed.* **2013**, *52*, 3430–3433.
