Timothy J. Boyle,* Todd M. Alam, Eric R. Mechenbier, Brian L. Scott, and Joseph W. Ziller: Titanium(IV) Neopentoxides. X-ray Structures of $\text{Ti}_3(\mu_3\text{-O})(\mu_3\text{-Cl})-(\mu\text{-OCH}_2\text{CMe}_3)_3(\text{OCH}_2\text{CMe}_3)_6$ and $[\text{Ti}(\mu\text{-OCH}_2\text{CMe}_3)(\text{OCH}_2\text{CMe}_3)_3]_2$.

Page 3294. In the first paragraph of the Experimental Section, sentence 3, the product from the reaction of TiCl_4 and 4 equiv of $\text{Li}(\text{N}(\text{SiMe}_3)_2)$ was improperly reported as $\text{Ti}(\text{N}(\text{SiMe}_3)_2)_4$. In actuality, the product is $\text{Ti}(\text{N}(\text{SiMe}_3)_2)_3\text{Cl}$ (Airoldi, C.; et al. *J. Chem. Soc., Dalton Trans.* **1980**, 2010); however, the product from the reaction of this compound with HONp remains $[\text{Ti}(\mu\text{-ONp})(\text{ONp})_3]_2$. We express sincere thanks to Prof. R. A. Andersen (University of California, Berkeley) for correcting this error.
