**Igor O. Koshevoy,\* Yi-Chih Lin, Antti J. Karttunen, Pi-Tai Chou,\*  
Pirjo Vainiotalo, Sergey P. Tunik, Matti Haukka, and Tapani A.  
Pakkanen\***: Intensely Luminescent Alkynyl-Phosphine Gold(I)–Copper  
(I) Complexes: Synthesis, Characterization, Photophysical, and  
Computational Studies

Page 2100. In Table 1, the lifetime  $\tau_{\text{obs}}$  values 9.20 and  
3.10  $\mu\text{s}$  for complex **11** for the degassed and aerated  
solutions, respectively, are incorrect. The correct values  
are 0.92 and 0.31  $\mu\text{s}$ , respectively.
