Referring to the above reported paper published in *Inorganica Chimica Acta*, 7, 729 (1973), we acknowledge that the first report of the complex $[\text{CpRh}(\text{NO})\text{PPh}_3]\text{PF}_6$ was due to N. G. Connelly and J. D. Davies who previously published it in *J. Organometal. Chem.*, 38, 385 (1972). We apologize for the absence in our paper of the above mentioned reference which had escaped our notice.
