ERRATUM

Due to a technical error, the contribution by Chenier *et al.* [1], to the Special Issue containing papers from the *Fourth International Symposium on Finite Volumes for Complex Applications—Problems and Perspectives* (*FVCA4*), which was sponsored by Marrakech University of Science and Technology in Morocco and held in the University on July 4–8, 2005, has been published in vol. 56, issue 11 and not in the special issue (volume 59, issue 3).

The Editorial [2] in the Special Issue refers to this contribution correctly.

The Publisher apologizes for the error.
