

INTERNATIONAL JOURNAL FOR NUMERICAL METHODS IN FLUIDS

Int. J. Numer. Meth. Fluids 2009; **60**:355

Published online in Wiley InterScience (www.interscience.wiley.com). DOI: 10.1002/flid.2059

Announcement

KEY WORDS: computational fluid dynamics; ECCOMAS; computational science; engineering; computational mathematics; applications; mathematical and computational methods; modelling; CFD; computational acoustics; computational electromagnetics; numerical methods; optimization and control; computational methods in life sciences; industrial applications; aerospace; industry; electronics; energy; finance; chemistry; medicine; biosciences; environmental sciences; earth sciences

Fifth European Conference on Computational Fluid Dynamics, Ecomas, Lisbon, Portugal on June 14–17, 2010
