

ANNOUNCEMENTS

Eighth International Heat Transfer Conference

17–22 August 1986, San Francisco Hilton Hotel, San Francisco, U.S.A.

Announcement and Call for Papers

INTERNATIONAL Heat Transfer Conferences are held every four years with the purpose of bringing together the international heat transfer community. The Conference will cover a wide range of both fundamental and applied topics in heat transfer.

The Proceedings of the Conference will contain the manuscripts of all general and invited keynote papers and will be distributed to the participants at the beginning of the Conference. An abstract volume will be available to all registrants prior to the Conference.

Call for general papers

The purpose of general papers is to report original, unpublished findings in heat transfer. All general papers will be reviewed under the direction of the International Scientific Committee. Accepted papers will be submitted on author-prepared formats in English only, and will be published in the

Proceedings of the Conference. Authors are required to present their papers in poster sessions personally.

Submissions are welcome from authors in any country. Authors wishing to present a general paper (or film-video materials) should submit three copies of a preliminary abstract, typewritten in English, to the appropriate member of the International Scientific Committee as listed, by 1 July 1985. Authors of abstracts considered appropriate for further evaluation will be informed by 1 August 1985 and will be provided with mats and instructions for the preparation of the complete manuscripts. These must be submitted by 1 October 1985 to the appropriate member of the International Scientific Committee together with a final abstract of about 200 words.

If uncertain as to where your abstract is to be submitted, contact C. L. Tien before 1 June 1985.

International Scientific Committee

Country of residence of author

Canada

Federal Republic of Germany, Switzerland (German), Austria, Scandinavia, German Democratic Republic

France, Switzerland (French), Algeria, Tunisia, Latin America and North African Countries not specified

India, other South Asian countries not specified elsewhere

Israel

Italy, Spain, Portugal

Japan, People's Republic of China, Korea, Pakistan, Taiwan, other East Asian countries not specified

The Netherlands, other Benelux countries

U.K., Ireland, Australia, New Zealand, South Africa, Egypt, other Middle East countries not specified

U.S.A., Mexico
(Send abstracts to C. L. Tien)

U.S.S.R.

Yugoslavia, Turkey, Greece, other East European countries not specified elsewhere

Member to whom abstracts should be submitted

Prof. J. H. Masliyah, Dept. of Chemical Engineering, University of Alberta, Edmonton, Alberta, Canada, T6G 2G6.

Prof. E. Hahne, Institut für Thermodyn. und Wärmetechnik, Universität Stuttgart, P.O. Box 80 1140, D-7000 Stuttgart 80, F.R.G.

Prof. M. Combarous, Université de Bordeaux, Laboratoire de Mécanique Physique, 351 Cours de la Libération, 33405 Talence, France.

Prof. M. V. Krishnamurthy, Dept. of Mechanical Engineering, Indian Institute of Technology, Madras 600 036, India.

Prof. G. Hetsroni, Dept. of Mechanical Engineering, Technion—Israel Institute of Tech., Haifa 32 000, Israel.

Prof. M. Cumo, Cattedra di Impianti Nucleari, Palazzo Baleani, Corso Vittorio Emanuele II 244, 00186 Roma, Italy.

Prof. T. Mizushima, Dept. of Chemical Engineering, Kyoto University, Sakyo-ku, Kyoto 606, Japan.

Prof. C. J. Hoogendoorn, Dept. of Applied Physics, Delft University of Technology, Lorentzweg 2, 2628 CJ Delft, The Netherlands.

Dr. G. F. Hewitt, Engineering Sciences Division, AERE Harwell Laboratory, Bldg. 392.7, Oxon OX11 0RA, U.K.

Prof. H. C. Simpson, Dept. of Thermodynamics and Fluid Mechanics, University of Strathclyde, James Weir Bldg., 75 Montrose St., Glasgow G1 1XJ, U.K.

Prof. C. L. Tien, Dept. of Mechanical Engineering, University of California, Berkeley, CA 94720, U.S.A.

Prof. J. K. Ferrell, Dept. of Chemical Engineering, North Carolina State University, Raleigh, NC 27650, U.S.A.

Prof. M. A. Styrikovich, U.S.S.R. Academy of Sciences, Institute of High Temperatures, Korovinskoye Chosse, Moscow 127 412, U.S.S.R.

Prof. M. Majcen, Mechanical Engineering Faculty, University of Zagreb, Djure Salaja 1, 41000 Zagreb, Yugoslavia.
