

ANNOUNCEMENT

INTERNATIONAL UNION OF PURE AND APPLIED CHEMISTRY

Electrode Reaction Orders, Transfer Coefficients and Rate Constants—Amplification of Definitions and Recommendations for Publication of Parameters (PNA 60)

Proposed Nomenclature for Transport Phenomena in Electrolytic Systems (PNA 59)

The IUPAC wishes to make it known that the above appendices to the IUPAC Information Bulletin, published in July 1977, are available, free of charge, on application to the Secretariat.

Comments on the provisional recommendations are welcome and will be taken into consideration before definitive versions are published.
