

HEAT AND MASS TRANSFER BIBLIOGRAPHY— SOVIET WORKS

R. I. SOLOUKHIN and O. G. MARTYNYENKO
Heat and Mass Transfer Institute, Minsk, U.S.S.R.

(Received 6 March 1980)

BOOKS

- E. P. Bekeris (Editor), *Problems of Electrodynamics and of the Theory of Circuits, Collected Papers*. Izd. RPI, Riga (1978).
- V. A. Borodulya and L. M. Vinogradov (Editors), *Heat and Mass Transfer in Chemically Reacting Systems, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1979).
- G. B. Chizhov, *Thermophysical Processes in Refrigerating Technology of Food Products*, 2nd revised edn. Izd. Pishch. Promyshl., Moscow (1979).
- A. V. Gorbatov, *Rheology of Meat and Dairy Products*. Izd. Pishch. Promyshl., Moscow (1979).
- Yu. A. Kirichenko (Editor), *Heat Transfer at Low Temperatures, Collected Papers*. Izd. Naukova Dumka, Kiev (1979).
- M. I. Korsunsky (Editor), *Thermal Physics and Radiation Physics, Proceedings of the Conference, 28-29 April, 1975*. Izd. Nauka, Alma-Ata (1979).
- G. A. Krestov (Editor), *Thermodynamics and Structure of Solutions, Collected Papers*. Izd. IKhTI, Ivanovo (1978).
- P. S. Kuts and E. G. Tutova (Editors), *Theory and Technique of Drying Moist Materials, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1979).
- E. M. Medvedev (Editor), *Technique of Low Temperatures, Collected Papers*. Izd. Naukova Dumka, Kiev (1979).
- G. A. Murin, *Heat Engineering Measurements*, 5th revised and augmented edn. Izd. Energiya, Moscow (1979).
- N. V. Novikov, A. L. Maistrenko and A. P. Uliyanenko, *Structural Strength at Low Temperatures*. Izd. Naukova Dumka, Kiev (1979).
- A. L. Rudnitsky (Editor), *Optical Methods of Investigation of Gas Flows, Proceedings of the 2nd All-Union Conference on the Methods of Aerophysical Investigations, 28 May - 1 June 1979*. Izd. ITMO AN BSSR, Minsk (1979).
- A. A. Shlanchyuskas, B. A. Kolovandin and V. A. Sosinovich (Editors), *Problems of Turbulent Transfer, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1979).
- R. I. Soloukhin, A. A. Zhukauskas, A. B. Ambrazyavichyus et al. (Editors), *Problems of High-Temperature Heat and Mass Transfer, Collected Papers*. Izd. ITMO AN BSSR, Minsk (1979).
- D. Ya. Svet (Editor), *Optical Methods of Temperature Measurements in Metallurgy: Theory, Systems, Elements, Collected Papers*. Izd. Nauka, Moscow (1979).
- N. A. Trofimov and V. V. Lappo, *Measurement of the Parameters of Thermophysical Processes in Nuclear-Power Engineering*. Atomizdat, Moscow (1979).
- V. M. Vigak, *Optimum Control of Non-stationary Temperature Conditions*. Izd. Naukova Dumka, Kiev (1979).

PAPERS

GENERAL

- L. P. Filippov, Study of the properties of liquids and gases at the Moscow State University, *Teploto-Massoob. Khim. Tekhnol.* No. 7, 17-19 (1979).
- S. V. Kletsky, L. A. Kozdoba, N. M. Fialko and G. P. Sherenkovskaya, Mathematical modelling of unsteady-state

heat conduction problems for treating materials with concentrated energy sources, in *Heat Conduction and Diffusion*, pp. 3-10, Izd. RPI, Riga (1979).

I. P. Koltin and A. L. Novennikov, Use of the experiment planning theory to model heat transfer in the space outside the engine jacket, *Dvigatelsestroenie* No. 7, 7-8 (1979).

Yu. A. Zhuravlyov, E. V. Bogdanova, V. G. Lisienko and A. P. Konchakov, Mathematical modelling of thermal operation of a high-temperature melting furnace at different thermophysical properties of the vault, *Tsvetnye Metally* No. 6, 20-23 (1979).

THERMODYNAMICS

- A. S. Alikhanyan, A. V. Steblevsky, V. B. Lazarev et al., Thermodynamic properties of gaseous arsenic ionides, *Izv. VUZov, Neorg. Materialy* 16(1), 73-79 (1980).
