

ANNOUNCEMENT

MAFELAP 1987

The Mathematics of Finite Elements and Applications

28 April–1 May 1987, Brunel University U.K.

FOLLOWING the five previous Brunel conferences on The Mathematics of Finite Elements and Applications, a sixth residential conference with the same title will be run at Brunel University at the end of April 1987. The aim will be to bring together again workers from different disciplines whose common interest is finite element methods. The programme will consist of invited lectures, contributed papers and poster sessions.

Topics

The Mathematical Theory of Finite Elements
Engineering and Scientific Applications of Finite Elements
Computational Techniques for the Implementation of
Finite Element Methods
Boundary Element Methods and Their Application
The Finite Element/Computer Aided Geometric Design
Interface

Call for papers

A limited number of contributed papers and papers for poster sessions will be accepted for the conference. Persons wishing to read a contributed paper or to have a paper in a poster session should submit abstracts of not more than two pages in length by 1 October 1986, indicating the mode of presentation that they would prefer.

Details

Persons wishing further details or submitting abstracts should write to:

The Secretary
The Institute of Computational Mathematics
Brunel University
Uxbridge, Middlesex
