

ANNOUNCEMENT

Second International Thermal Energy Congress

Morocco, 5–9 June 1995

This conference is sponsored by the École Polytechnique, Université Cadi Ayyad, Faculty of Science Semlalia, and hosted by the Université Ibnou Zohr, École Supérieure de Technologie, Agadir, Royanne du Maroc.

OBJECTIVES

- (1) To provide a bridge between the north and south thermal energy technologies;
- (2) to provide a forum and to encourage a realistic dialogue at all levels for the implementation of the R&D results;
- (3) to accelerate the development, application and exchange of knowledge in thermal energy fields.

TOPICS

- (1) Heat and mass transfer

- (2) Energy conservation
- (3) Environment protection
- (4) Energy systems
- (5) Renewable energies
- (6) Hydrogen economy
- (7) Optimization and control
- (8) Experimental techniques
