Int J Leg Med (1991) 104:81-86

Population and family data of RFLP's using selected single- and multi-locus systems

B. Brinkmann, S. Rand, and P. Wiegand

Institut für Rechtsmedizin, Westfälische Wilhelms-Universität Münster, Von-Esmarch-Strasse 86, W-4400 Münster, Federal Republic of Germany

Received March 30, 1990 / Received in revised form June 20, 1990

The authors wish to indicate a correction to their paper:

Figure 4 (upper left), smoothed curves for MS1 comparison between Münster and London, should be as follows, and not as shown in the original publication.
