

**EDITORIAL:  
SOFTWARE SURVEY SECTION**

The purpose of the Software Survey Section in the INTERNATIONAL JOURNAL OF MULTIPHASE FLOW is to encourage the open exchange of information on software programs unique to our professional field. With the rapid penetration of computers into academic and industrial institutions has come a parallel increase in the number of scientists and researchers designing their own software. The existence of much of this software remains unknown to even those of us who could most benefit from its use. We believe that it is important to our readers that such information be made available. We believe also that a professional journal is the best place to share such information. Your contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in reporting on software that you may have developed or be in the process of developing. By completing this form, your information will reach thousands of your colleagues who may benefit from your work and may possibly offer suggestions for further enhancements to your software. Please complete the enclosed form and return it to:

Professor G. Hetsroni  
Department of Chemical and Nuclear  
Engineering  
University of California  
Santa Barbara  
CA 93106, U.S.A.

We do not intend to review or comment on the contents of the questionnaire. It will be published as is in order to expedite the information cycle process. I would welcome any comments you may have.

NAME OF JOURNAL INTERNATIONAL JOURNAL OF MULTIPHASE FLOWP E R G A M O N  
SOFTWARE DESCRIPTION FORMTitle of software package: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_It is:  Application program     Utility     Other \_\_\_\_\_

Specific area \_\_\_\_\_ (e.g. Thermodynamics, Inventory Control)

Software developed for [name of computer(s)] \_\_\_\_\_

in [language(s)] \_\_\_\_\_

to run under [operating system] \_\_\_\_\_

and is available in the following media:

 Floppy disk/diskette. Specify:Size \_\_\_\_\_ Density \_\_\_\_\_     Single-sided     Dual-sided Magnetic tape. Specify:

Size \_\_\_\_\_ Density \_\_\_\_\_    Character set \_\_\_\_\_

Distributed by: \_\_\_\_\_

Minimum hardware configuration required: \_\_\_\_\_

Required memory: \_\_\_\_\_    User training required:  Yes  NoDocumentation:  None  Minimal  Self-documenting  
 Extensive external documentationSource code available:  Yes  NoLevel of development:  Design complete     Coding complete  
 Fully operational     Collaboration would be welcomedIs software being used currently?  Yes  No  
If yes, how long? \_\_\_\_\_    If yes, how many sites? \_\_\_\_\_Contributor is available for user inquiries:  Yes  No

(continued)

RETURN COMPLETED FORM TO:

Professor G. Hetsroni  
Department of Chemical and Nuclear  
Engineering  
University of California  
Santa Barbara  
CA 93106, U.S.A.[This Software Description Form may be photocopied without permission]

Description of what software does [200 words]:

Potential users: \_\_\_\_\_

Fields of interest: \_\_\_\_\_

#####

Name of contributor: \_\_\_\_\_

Institution: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone number: \_\_\_\_\_

#####

Reference No. [Assigned by Journal Editor] \_\_\_\_\_

-----  
[The information below is not for publication.]

Would you like to have your program:

Reviewed? [ ]Yes [ ]No [ ]Not at this time

Marketed and distributed? [ ]Yes [ ]No [ ]Not at this time
