12th CANADIAN CONGRESS OF APPLIED MECHANICS:
CANCAM '89

Carleton University, Ottawa, Ontario, Canada

28 May–2 June 1989

The congresses, which take place once every 2 years are intended:

- To provide an international forum for communicating recent and projected advances in all fields of applied mechanics.
- To assemble and provide an opportunity for direct information exchange between delegates from industry, research and academic institutions.

General lectures are given in various disciplines of applied mechanics by invited specialists of international reputation. At *CANCAM '89* the keynote speakers will be;

- H. Leipholz (University of Waterloo, Ontario, Canada), Honorary Chairman of *CANCAM '89*.
- T. J. R. Hughes (Stanford University, Calif., U.S.A.).
- S. Nemat-Nasser (University of California, San Diego, U.S.A.).
- J. T. Oden (University of Texas, U.S.A.).
- A. J. M. Spencer, FRS (University of Nottingham, Notts., U.K.).

Original papers are solicited in all areas of solid mechanics, fluid mechanics, mathematical and experimental methods and interdisciplinary topics such as biomechanics, geomechanics, fluid–structure interaction, system dynamics, robotics, expert systems etc. Paper selection will be based on the review of an extended abstract of approx. 1000 words, which should be typed on approved mats. All submissions are reviewed and the accepted abstracts will appear in the Congress Proceedings. **The deadline for the submission of papers is 1 October 1988.** Interested researchers and authors can obtain further information, typing mats etc. from:
