

ANNOUNCEMENTS

INTERNATIONAL CONFERENCE ON DRUG ABSORPTION

An *International Conference on Drug Absorption* will take place in *Edinburgh* on *24th–26th September 1979*. The major emphasis will be on absorption from the gastrointestinal tract and the following topics will be included:

- Physiological mechanisms
- Disease states and drug absorption
- Drug metabolism in the gut and
“first pass” losses
- Drug absorption interactions
- Pharmaceutical factors
- Novel drug delivery systems
- Drug regulatory agency requirements

The programme will include poster sessions.

For further information please contact Mr. W. Campbell at:

THIRD INTERNATIONAL GOOD MANUFACTURING PRACTICES CONFERENCE

THE UNIVERSITY OF GEORGIA SCHOOL OF PHARMACY, FEBRUARY 11–14, 1979

The University of Georgia School of Pharmacy will hold its Third International GMP Conference on February 11–14, 1979.

At this time, we have a commitment from the FDA to, again, participate on the program and to take part in other sessions as needed throughout the program. Industry is being consulted for topics of primary importance to be included in the seminar.

Additional program notes will be mailed to you in the near future or for further information write to:

Division of Pharmaceutical Services,
School of Pharmacy,
The University of Georgia,
Athens, Georgia 30602,
U.S.A.
