

## ANNOUNCEMENT

---

### BRITISH PHARMACEUTICAL TECHNOLOGY CONFERENCE

The second *Pharmaceutical Technology Conference*, sponsored by The Solid Dosage Research Unit, will be held in *The London Tara Hotel, Wrights Lane, London W8 5SR, England*, on *April 9–11th, 1980*. The aims of the conference are to bring together, in an informal atmosphere, industrial and academic scientists concerned with the research, development, manufacture and quality assurance of medicinal products, to enable them to discuss technical areas of common interest. This second conference will be concerned mainly with aspects of tableting, although particle sizing and the sizing of inhalation aerosols will also be featured.

The Conference will be divided into a number of sessions so that in each session one plenary lecture will be presented by an acknowledged international expert followed by the presentation of a number of original research papers.

A registration form and further particulars can be obtained from:

The Conference Secretary,  
British Pharmaceutical Technology Conference,  
49 Menlove Avenue,  
Liverpool L18 2EH,  
England.  
Telephone (051) 722 9862.
