

Erratum

In the article 'The influence of solution viscosity on nasal spray deposition and clearance' (IJP 01469) by A.K. Pennington, J.H. Ratcliffe, C.G. Wilson and J.G. Hardy, *International Journal of Pharmaceutics*, 43 (1988) 221–224, the symbols in the legend for Fig. 3 were inadvertently interchanged. Here follows the figure with the correct legend.

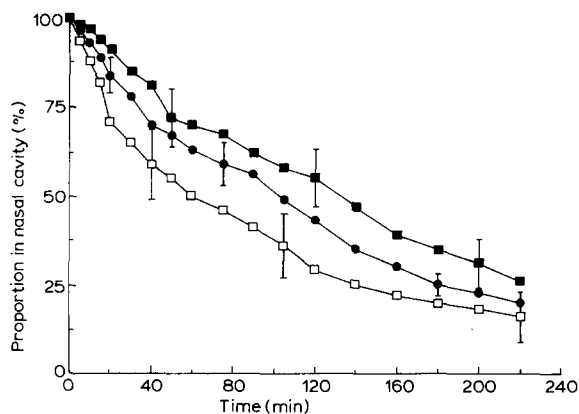

Fig. 3. Clearance of the nasal spray solutions from the nasal cavity: 0.6 (□), 0.9 (●) and 1.25% w/w (■) HPMC concentrations (mean \pm 1 S.E.M.).
