

ERRATUM

H. HORIKAWA, E. H. DOWELL and F. C. MOON, Active feedback control of a beam subjected to a nonconservative force. *Int. J. Solids Structures* 14, 821–839 (1978).

Equation (5): All time derivatives should be total rather than partial.

Equation (8): In the second of these equations each of the three right hand sides should have a minus sign (rather than only the last one).
