

ANNOUNCEMENT

EUROPEAN MECHANICS COLLOQUIA 1990

Euromech Colloquia are informal conferences on specialized research topics, and participation is restricted to a small number of European research workers actively engaged in the field. Overall responsibility for Euromech Colloquia is in the hands of the European Mechanics Council, and the organization of each Colloquium, including the selection of participants for invitation, is entrusted to a Chairman for that Colloquium. People who are interested in taking part in one of the Colloquia listed below should write to the appropriate Chairman. Proceedings of Euromech Colloquia are not normally published. Further information about Euromech Colloquia generally may be obtained from the Secretary of the European Mechanics Council, Prof. H. H. Fernholz, Hermann-Föttinger-Institut für Thermo- u. Fluideodynamik, Technische Universität Berlin, Straße des 17. Juni 135, D-1000 Berlin 12, F.R.G.
