

ANNOUNCEMENTS

IUTAM SYMPOSIUM ON "ELASTIC WAVE PROPAGATION"

Galway, Ireland 20-25 March 1988

FIRST ANNOUNCEMENT

The International Union of Theoretical and Applied Mechanics Symposium on Elastic Wave Propagation will be held in Galway, Ireland, during the period 20-25 March 1988. The purpose of the symposium is to stimulate the critical exchange of creative ideas and to promote the further investigation of the problems of elastic wave propagation.

SCOPE OF THE SYMPOSIUM

- (1) Foundations of the theory of elastic wave propagation.
- (2) Scattering of elastic waves.
- (3) Elastodynamic inverse scattering.
- (4) Elastic wave motion in layered, bounded and inhomogeneous media.
- (5) Elastic interfacial waves.
- (6) Fluid/solid wave interactions.
- (7) Non-linear elastic waves.
- (8) Interaction of elastic waves with thermal and electromagnetic fields.

CONTRIBUTIONS TO THE SYMPOSIUM

Papers are solicited for this symposium

All accepted abstracts will appear in the final programme and manuscripts of all presentations will appear in the symposium proceedings. Abstracts are to be submitted to the address below. The abstract should be typed on A4 paper; it should be double space and not exceed one page.

Deadline for abstracts: 31 October 1987.

Symposium language: the official language is English.

PAN AMERICAN CONGRESS OF APPLIED MECHANICS (PACAM)

CALL FOR PAPERS

A Pan American Congress of Applied Mechanics will be held in Rio de Janeiro, Brazil, on the campus of the Pontificia Universidade Católica do Rio de Janeiro (The Catholic University of Rio de Janeiro)—PUC—on 3-6 January 1989. The Congress is sponsored by the American Academy of Mechanics and is open to participants from all over the world. A reception for the Congress participants and accompanying guests is planned for 2 January 1989.
