

CALL FOR PAPERS

IMPLAST '93

Symposium on Plasticity and Impact Mechanics

11–14 December 1993

Indian Institute of Technology, Delhi Hauz Khas, New Delhi 110 016, India

The symposium is the fifth in a series of meetings on Studies on Large Deformations. The aim of the symposium is to provide a forum for scientists and researchers in Universities, scientific laboratories and industries, to share their latest researches in the basic and applied aspects of the mechanics of large deformations of metals and composites at low, medium and high velocities.

The symposium is being co-sponsored by academic institutions, research laboratories, industries and professional institutions.

The programme will consist of invited and contributed papers. The proceedings will be published prior to the symposium.

The following suggested subject areas are indicative (not exhaustive) of the scope of the symposium :

- (1) Micro- and macroplasticity—including high strain rates,
- (2) Applications of plasticity,
- (3) Structural crashworthiness and failure,
- (4) Stress waves in solids,
- (5) Penetration and perforation,
- (6) Hyper-velocity impact mechanics.

Call for papers

Original research contributions on the theme of the symposium are invited.

Important dates

Receipt of a 300-word abstract	30 March 1993
Communication of acceptance	30 April 1993
Receipt of final manuscript	15 August 1993
Registration by	15 August 1993

Registration fee

The registration fee for the symposium will be US\$250 per delegate from outside India and Rs 1500 per delegate from within India.

The registration fee may be paid by Bank Drafts in the name of "Plasticity and Impact Mechanics" payable at New Delhi.

The fee includes symposium material, session teas and lunches on symposium days, a Symposium Dinner and cultural evening.

Communication

Professor N. K. Gupta
Department of Applied Mechanics
