

CALL FOR PAPERS

INTERNATIONAL CONFERENCE ON MECHANICS OF SOLIDS AND MATERIALS ENGINEERING

5-7 June 1995

Singapore

The Advanced Materials Centre, the Advanced Structures Research and Development Centre and the Dynamics and Vibration Centre of the School of Mechanical and Production Engineering of Nanyang Technological University, Singapore are to hold the above conference with the following general scope:

Mechanisms of Materials

Analysis of polymers and composites
Fracture and fatigue
Plasticity and creep
Experimental techniques
Res. stresses

Mechanisms of Structures

Structure stability and vibration
Offshore structures
Computational techniques
Pressure vessels and piping technology
Thin walled structure

Materials Engineering

Materials characterization
Materials processing
Properties of materials
Metals, polymers, composites, MMCs
Failure analysis

It is planned that the conference proceedings will constitute special issues of **Journal of Materials Processing Technology** and other recognised international journals, the papers being distributed between the journals on the basis of their content.

There will be a social programme and a sight-seeing programme for accompanying persons.

Original papers on the above and related themes are invited. Prospective authors should submit a two hundred word abstract of their paper to Professor F. W. Travis, address as below, as soon as possible, but not later than **20 July 1994**, the paper itself being required for refereeing not later than **30 September 1994**.

Professor F. W. Travis,
School of Mechanical and Production Engineering,
Nanyang Technological University,
Nanyang Avenue, 2263 Singapore.
Tel: 7911744 ext. 5500
Fax: 7911859
E-mail: MFWTRAVIS@NTUVAX
