

ANNOUNCEMENT

INTERNATIONAL CENTRE FOR MECHANICAL SCIENCES
UDINE, ITALY

PRELIMINARY PROGRAMME 1995

Courses

- New design concepts for high speed air transport
Coordinator: H. Sobieczky (Göttingen) 5–9 June 1995
- Bone cell and tissue mechanics
Coordinator: S. C. Cowin (New York) 10–14 July 1995
- Liquid bridge theory and applications
Coordinator: J. Meseguer (Madrid) 17–21 July 1995
- Mathematical modelling for arch dam design and safety control
Coordinators: E. R. de Arantes e Oliveira, J. O. Pedro (Lisboa) 4–8 September 1995
- Mechanics of solids with phase changes
Coordinators: M. Berveiller (Metz), F. D. Fischer (Leoben) 11–15 September 1995
- Modelling and simulation of hypersonic flows for spatial flights
Coordinator: R. Brun (Marseille) 18–22 September 1995
- Control of flow instabilities and unsteady flows
Coordinators: G. E. A. Meier (Göttingen), G. H. Schnerr (Karlsruhe) 18–22 September 1995
- Advanced methods of tunnelling
Coordinator: K. Kovari (Zürich) 25–29 September 1995
- Earthquake resistant design
Coordinator: R. T. Duarte (Lisboa) 2–6 October 1995
- The flow of particles in suspension
Coordinator: G. Cognet (Grenoble) 9–13 October 1995

Meetings hosted by CISM

- Workshop on "Multimedia GIS Data"
International Society for Photogrammetry and Remote Sensing—Commission I
Coordinators: R. Galetto (Pavia), F. Crosilla (Udine) 12–16 June 1995
- 10th International Conference on Artificial Intelligence in Engineering
Chairmen: C. A. Brebbia (Southampton), C. Tasso (Udine) 4–6 July 1995

1-33100 Udine (Italy)
Palazzo del Torso
Piazza Garibaldi 18
Tel.: Secretariat +39 0432 294989 or 508251
Administration: +39 0432 294795.
