The above paper should be corrected to appear as follows:

• On p. 1967, line 5, the equation should read:

$$f(x, y) = \mathscr{F}^{-1} [\{\tilde{f}(\alpha_1, \alpha_2); \alpha_1 \rightarrow x\}; \alpha_2 \rightarrow y].$$

• The corrected form of the third equation in (23) on p. 1974 is:

$$C_{ij} = \left\{ \begin{array}{ll} (W_{i+1,j})_{,y} - x(W_{ij})_{,y}, & i \ge 0, j \ge 1, \\ (W_{i,j+1})_{,x} - y(W_{ij})_{,x}, & i \ge 1, j \ge 0 \end{array} \right\}, \quad C_{00} = 0.$$

• The third equation from the bottom of p.1974 should read:

$$P_{10} = \frac{2}{e^4} \left[e^2 K(e) - \kappa (e^2 + 2) K(e) - (2\kappa + e^2) E(e) \right].$$

The author apologizes for any inconvenience, but would like to assure readers that these are merely misprints and as such do not affect the other results presented in the paper.
