
Preliminary Announcement: Physical Interpretations of Relativity Theory, London, September 1988

The British Society for the Philosophy of Science is sponsoring an international conference, of 3 days duration, on Physical Interpretations of Relativity Theory, to review the development, status, and potential of the various physical interpretations of the relativistic formal structure. The precise date remains to be fixed, but will be in September 1988. The location will be London (Imperial College).

Sections include:

- Physical Time and Relativity
- Privileged Reference Systems in Modern Physics
- Relativity and the Nature of the Physical Vacuum
- Ether Theory in the 20th Century
- Relativity, Cosmology, and Physical Theories of Related Phenomena

The organizing committee includes Prof. C. W. Kilmister (London); Dr. P. Kroes (Eindhoven); Dr. T. Sjodin (Brussels); S. J. Prokhovnik (New South Wales); Dr. S. V. Clube (Oxford); Dr. M. F. Podlaha (Munich); Dr. T. Morris (Teddington); Dr. J. Whealton (Oak Ridge, Tennessee); M. C. Duffy (Sunderland).

For more information, please write to Conference Coordinator: M. C. Duffy, Mechanical Engineering Department, Sunderland Polytechnic, Chester Road, Sunderland, SR1 3SD, United Kingdom; Tel. 091 567 6191 Ext. 107.
