

Acknowledgment to reviewers

We the Editors of International Journal of Thermal Science, would like to thank the numerous reviewers who so generously contribute their time and scientific insight, to help the editors and the authors of manuscripts, in setting a high standard for acceptance in the journal. Listed below are the names of all the reviewers who returned their comments to the Editorial Office during the period January 1–December 31, 2008. We would like to thank all of you for your outstanding work on behalf of the journal and I look forward to working with you in the year to come.
