ANNOUNCEMENT

WORKSHOP ON RELIABILITY IN COMPUTATIONAL MECHANICS

AUSTIN, TEXAS, U.S.A. 26–28 OCTOBER, 1989

Purpose of the meeting The Texas Institute for Computational Mechanics (TICOM) will host a three-day workshop on the reliability of modern computational methods. The meeting will be held from 26–28 October, 1989. Workshop topics will include reliability of mathematical models, *a priori* and *a posteriori* error analysis of numerical methods, numerical implementation and applications. The workshop will feature survey lectures, special presentations and contributed talks.

Current plans are to hold the meeting in the relaxed environment of the famous Lakeway Resort near Austin, Texas where the accommodation will permit only 100 participants. Those interested in attending the meeting should write to the TICOM organizers of the workshop by 1 February, 1989. A limited number of invitations will be issued by 1 May, 1989.
